Cyclist friendly facilities in Basilicata

Lockable baggage room, tourist information brochures, packed lunch, bike pump, energy rich breakfast, repair kit (tripod, lubricants, Allen keys, screwdrivers, levers for tarpaulins, puncture repair kit, adhesive tape, odds and ends), laundry service.

A photograph of two cyclists riding on a paved road. The cyclist in the foreground is wearing a dark blue t-shirt, dark shorts, a white helmet, and sunglasses. The cyclist in the background is wearing a white t-shirt, light blue shorts, and a white helmet. They are riding on a road that curves along a hillside. In the background, there is a large, ancient stone building complex built on a rocky outcrop, with a prominent tower. The sky is bright blue with scattered white clouds. The overall scene is a scenic view of a historic site in a rural setting.

And this day passes away in orange,
it is filled with memories that you do
not know I'll stay here on this dusty
highway, if you want to go, go.
Go ahead, I'll stay here waiting for
Bartali, stamping on my sandals, the
curve will stick out, that sad nose of
a cheerful Italian, among the French
who are angry, and the newspapers
flutter, there is a light wind, the
countryside is calling, and there is a
moon at the bottom of the blue.

In ecstasy I follow your miracle of a
long life and I do not ask you where
the finishing line is.
It seems that my thoughts reach you.
Safely you brake, turning the corner
you stop, you take your feet off the
pedals.
You find yourself at home and I realise
with surprise that this is also my
home.

Hotel del Campo ****

The Hotel del Campo arose from the restoration of an ancient farmhouse in **Matera**, dating back to the end of the 18th century. The original building frame was preserved and now houses the restaurant "Le Spighe" and an ancient garden, merging with a new wing which houses the rooms, reception and a bar / cafe. The atmosphere of well-being, quality of service and attention to details are designed to satisfy the customers in all their needs.
